

Dear Clients,

I want to begin by letting you know that Pet Concierge is open for business during the current Covid-19 crisis.

To continue to serve you I am monitoring the recommended guidelines from the CDC and WHO to remain healthy and able to work.

I continue to practice good hygiene and have increased sanitizing practices. After each visit before entering my car I sanitize my hands and throughout the day clean all frequently touch areas in and on my vehicle. I will also be observing a distance of 6 feet from you, should you be home when I visit.

Your peace of mind and good health are important to me.

I would ask that if you are working from home and able, please consider continuing my visits so that I too may continue to work. If you, like I am unpaid while out of work I understand your need to suspend services.

I also ask that if you have had known exposure to someone with Covid-19 or are experiencing symptoms that you alert me so that I can remain safe. I will of course do the same.

I am including in this message a link to the indicators that I am monitoring as recommended by the CDC.

Please know that I do understand your concerns should you choose to cancel. If you are able to continue service let me know what more I can do to ease any concerns you may have as well as any other ways I may be able to assist you through this challenging period.

Thank you!
Audra Hebert
Pet Concierge
